

Come and join us!

St Mary's Church Field Orchard is entirely managed by volunteers. The orchard, in addition to being a site where a range of apple and some other fruit trees are grown, is also a haven for wildlife, with a pond, pollinator beds, wildflower meadow areas, bird boxes, bug hotel and a hibernacula, all of which need to be managed.

We meet in the Orchard on the **second Sunday of the month at 10.00 a.m.** and carry out the tasks necessary at that particular time of year. A link to the info about what we'll be doing on each occasion is posted in advance on the Home page of our website. Whether your interest is in fruit trees or in conservation and wildlife, the Orchard has something to offer you.

To find out how you can get involved, either: -
contact Ian Bark: ianbark@icloud.com
or simply turn up on the day and ask for Ian - and before you know it, you will be one of the team.
